

More Reviews of *Denny Zeitlin/David Friesen: Live at the Jazz Bakery*

AARGAUER ZEITUNG (Switzerland): “Quiet but never boring music presented by exceptional musicians Denny Zeitlin and David Friesen. With piano and bass they practiced their magic at the Jazz Bakery for the audience. The live recording is grand quality.”

JAZZ LIVE MAGAZINE (Germany): “Bass and piano as a duet. That might sound a little bit problematic and monotonous, but it isn’t. Indeed! Thanks to good choices of songs it has been a very wonderful evening. The way the musicians devote themselves to the repertoire, it would have been great being there...live this evening.”
